IN SECOND ROUND OF PILOT PROJECT

Internship scheme: Women participation grows to 41%

MANU KAUSHIK
New Delhi, August 4

THE PERCENTAGE OF females applying for the PM internship scheme (PMIS) has jumped from 31% in the first round of the pilot project to 41% in the second round, the government informed the standing committee on finance.

The government said that the increase in women participation can be attributed to the mass outreach programmes carried out by the ministry of corporate affairs (MCA) and various state governments. In addition, a bunch of changes that were made into the scheme helped in drawing a larger number of females, the MCA told the panel.

While the selection process for the second round is still under progress, the ministry said that the percentage of females who were recruited for internships in the first round stood at 28%, which was consis-

tent with the percentage of female applications (31%).

In the second round, which started in January this year, 327 companies have posted over 118,000 internship opportunities – new and edited unfilled opportunities of the previous round – across 735 districts in the country. Against these, over 455,000 applications were submitted from 214,000 candi-

dates. The ministry said that it has adopted a multi-pronged strategy to push PMIS.

To address the issue of low participation initially, the ministry said that in the second round, the exact internship location, along with geo-tagging of the internship location was provided on the portal so that the applicants could apply for internships based on their loca-

tion preferences.

Further, to address the information gap about the roles being offered, the name of the companies and their profiles was made visible on the portal in the second round. The applicants were also informed about the additional benefits that the companies are willing to offer in addition to the government-stipulated stipend.

RBI's MPC starts deliberations on bimonthly policy

PRESS TRUST OF INDIA
Mumbai, August 4

THE RBI GOVERNOR Sanjay Malhotra-headed rate-setting panel on Monday started the three-day deliberations to decide the next bi-monthly monetary policy amid expectations of pause in the rate easing cycle.

The Reserve Bank of India started the rate easing cycle in February and since then has reduced the short-term lending rate (repo) by 100 bps in three tranches.

Governor Malhotra-headed six-member rate-setting panel – the Monetary Policy Committee – is scheduled to announce the next bi-monthly policy rate on Wednesday.

Experts were of the opinion that the Reserve Bank may go in for a status quo this time and

wait for more macro data after the announcement by the US to impose a 25% tariff on Indian imports beginning August 7.

However, a section of industry players do hope for a 25 bps rate cut on Wednesday.

Bank of Baroda chief economist Madan Sabnavis said the credit policy will not be based on the most recent developments of low inflation for June and the 25% US tariff. In June, he said, the policy already would have

buffered in the 2.6% tariff, which was the deferred rate in April.

"Therefore, the tariff per se may not really change the view on growth, though it would be interesting to see how the RBI looks at this number. There can be a slight downward revision in inflation projection for the year by 0.1-0.2%, i.e. 3.5-3.6% instead of 3.7%," Sabnavis said.

Delhi Assembly goes paperless

PRESS TRUST OF INDIA
New Delhi, August 4

BJP AND AAP MLAs congratulated Delhi Assembly Speaker Vijender Gupta for making the House proceedings paperless, though AAP members also questioned the absence of the Question Hour as the Monday Session began on Monday.

The Delhi Assembly also marked a milestone in environmental sustainability and digital governance by becom-

ing the first legislature in the country to run entirely on solar energy. The Delhi Assembly has implemented National e-Vidhan Application (NeVA), a flagship project of the ministry of parliamentary affairs designed to create a paperless legislative environment across India.

Many legislators, including Leader of Opposition Atishi, congratulated Gupta on the twin initiatives.

BJP MLA from Jangpura Tarvinder Singh Marwah said,

"This should have been done earlier by the previous government but due to corruption, it could not be done." Malviya Nagar MLA Satish Upadhyay said Gupta has not only made the Assembly paperless but given everyone such a good training "that we all would be able to work without any hassle".

Former Delhi chief minister Atishi, while praising the initiatives, questioned Gupta over the removal of Question Hour in the session.

Adani meets Mamata, discusses investments

PRESS TRUST OF INDIA
Kolkata, August 4

ADANI GROUP CHAIRMAN Gautam Adani held a one-on-one meeting with West Bengal chief minister Mamata Banerjee at the state secretariat Nabanna on Monday, official sources said.

The meeting sparked fresh speculations over the status of the proposed Tajpur deep sea port for which the Bengal government recently decided to issue a fresh tender, terminating its four-year-old partnership with Adani Group for the ₹25,000 crore mega project.

While both the West Bengal government and the Adani Group remained tight-lipped about details of what transpired at the meeting, the two sides

reportedly held talks on various investment-related issues in a positive and cordial manner, sources said.

Group sources had earlier indicated that the conglomerate remains committed to the Tajpur port project. There is no formal communication so far from the state government on whether the original tender, where an Adani group company was announced winner, has been officially cancelled.

Adani arrived at the state secretariat 'Nabanna' around 5 pm and the talks lasted for nearly an hour. This was Adani's second visit to Nabanna, the first being in December 2021. He had also participated in the Bengal Global Business Summit in 2022, where the group had announced plans to invest ₹10,000 crore in the state.
